

Committee on Educational Policy and Planning Annual Report 2002-2003

The Committee on Educational Policy and Planning (CEPP) met 27 times for regularly scheduled meetings and conducted a 2 ½ day retreat at the end of the school year. The Chair also was a member of the Institutional Planning Committee (IPC) and the Governance Advisory Committee (GAC). Several members of CEPP attended the Committee of Committee meetings. Additionally, CEPP convened 1 subcommittee to study the issue of increasing student enrollment.

All of the minutes and relevant CEPP documents are located at the CEPP website (<http://www.skidmore.edu/academics/CEPP/index.html>). A sincere thank you to Hugh Foley for taking on the task of updating the website and archiving all related CEPP materials.

In addition to regular CEPP meetings, the CEPP also held a series of workshops on the topic of student enrollment.
